**OUR STORY**  
is about people.

Talent and meritocracy should take precedence in all processes like recruitment, reward, promotion and performance management.

We don't play a KPI numbers game, we want everyone at Handle to be self-motivated and self-managing. The way we work is underpinned by the genuine knowledge we build of our clients' businesses and we focus on the behaviours that enhance relationships.

We want to nurture entrepreneurialism and are always looking for ways to improve what we do and how we do it. There are no boundaries to your role and responsibilities and we'll encourage you to seek out a path that plays to your strengths. If you have an idea for expanding our offering, we'll support you.
